## TERRY BACK IN HOSPITAL

Terry will be back in hospital on March 4th for another operation on her leg. Hopefully this will allow her to walk without crutches again, but she will be away from the Salon during her recovery. Terry would like to apologise in advance to all her customers for any inconvenience, but she knows the girls will look after you until she comes back.

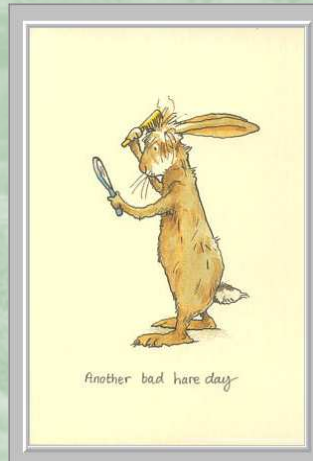

## HAVING A BAD HAIR DAY?

Winter weather can cause havoc with your hair. Damp days cause it to go limp or frizzy while the cold can damage your hair as it does your lips by taking the moisture out, leading to split ends. Even the change in temperature from outside to in can cause problems.

Using the right professional quality products will restore your locks from lacklustre to lovely and at Partners we know what suits you. In the Salon we only use the best Schwarzkopf Pro-

fessional ranges and we are trained to match the right products to your hair type.

Professional quality products can only be

bought in Salons but are not much more expensive than the non-professional lines available in the high street. Professional hair products are of the highest

quality, they last a lot longer and will never cause build up or leave the hair feeling dry and brittle or strip hair of colour and moisture like some non professional products do. We are always happy to give advice on hair care generally and on the specific right products for you.

Long or short, curly or straight, thick or fine we know how to get your hair back into tip top condition, whether the weather is wet and wild or when its a winter wonderland!

CHRISTMAS EVE 2007

Terry loves any excuse to dress up and have fun and last Christmas Eve was no exception, as this photograph proves! Santa, one of his elves, three fairies (one of them squeezed into what looked suspiciously like a Wedding dress) and Rudolph all took over in the Salon for the day.

We hope everybody enjoyed the festive atmosphere in the Salon throughout the Christmas period, the mulled wine and stolen cake went down well, but if you missed it don't worry—there's only 300 days till Christmas 2008!

(Thanks to Sylvia for the picture)

**BOLDON, CLEADON & WHITBURN COMMUNITY AREA FORUM**

The next Community Area Forum (CAF) will be on Thursday 14 February at 17.00, but as this Newsletter went to print the location was not published. Phone the Council on 4271717 to find out, or check the BCW CAF webpage at: <http://cmis.southtyneside.info/current/> The forum offers an opportunity to find out about and influence the issues that affect Cleadon Village.

**REDUCED RATES FOR KATIE AND NATALIE**

Katie and Natalie have been working hard in the Salon and at College and both are doing really well. Katie's standard was so high last year that she passed all her modules early and this Summer she will be fully qualified, but right now you can still take advantage of her Junior Stylist rates and receive a huge 25% off.

Ask Terry and she will tell you that Natalie also has a real aptitude and a natural talent for hairdressing and, like Katie, is a credit to the Salon. Ask for Natalie when you book your next Blow-Dry and you'll also get 25% off the usual price.

**STAFF TRAINING**

Everyone in the Salon has had thorough training for the new ghd irons, and they really are first class. We would be happy to show you what they are capable of in curling as well as straightening, just ask. In addition Terry is also sending the Stylists on more cutting and colouring courses following the success of last years courses in Glasgow and Durham.

**Half price supervised practice nights**

Katie, Natalie and Sarah are looking for Thursday night models once again following the Christmas break. Practice nights are from 4.00 - 5.30 every Thursday, are fully supervised and there's 50% off normal prices. Why not treat yourself to a regular hair do for half the normal cost or do someone a favour and tip off a friend or relative?

If you have anything that you would like mentioned in our next Newsletter please just let Terry know.

**The St Valentine's day Makeover !**

We can make your hair smooth and sleek, elaborate and sophisticated or spiky and sassy, but whatever style you choose we'll make you feel special and get you noticed.

*Did you know?  
There are two Saints named Valentine but the customs associated with Valentines day most likely originate in the ancient Roman festival of Lupercalia, a celebration in honour of the god of fertility, which took place on February 15th.*
